A close-up photograph of the lock mechanism on a black tablet holder. The lock is a four-point lock with a silver barrel key inserted into the center. The holder has a textured surface and a perforated metal plate. The BOSSTAB logo is visible on the metal plate. The background is white.

Elite Case Option

Secure 4 Point Lock

The Elite Evo Floor Stand features a lockable faceplate that secures with a barrel key and four-point lock for ultimate security. As an additional security option, unique key and barrel sets are also available. The Elite Evo Floor Stand tablet holder is ideal for high-traffic areas or any commercial or educational environment where additional layers of security may be required for your device.

Touch Case Option

Designed for all tablets.

Whether you are using an iPad, Samsung or any other branded tablet, this Touch case can accommodate any device with a flat back with adhesive strips. Simply attach the adhesive plate to your desired tablet and secure to the Touch case with a security key.

Edge Case Option

Secured Clamp Design.

The Edge Evo Floor Stand is constructed from high grade metal and powder coated for durability. The iPad is secured in place with a unique clamp design with neoprene cushioned support. Functional, yet sleek, it features integrated cable management to power your device and a cable lock slot for additional security.

Cable Management

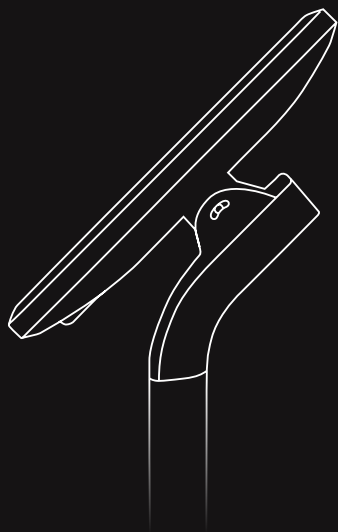

Easily charge your device with internal cable routing through the Elite, Touch or Edge case and down the stand. The cable can either go through the mounting surface or out the back of the stand depending on your use case.

For complete internal cable management, we recommend using the Elite case option for a secure and sleek cable management selection.

Strong Molded Metal Construction

The Evo Floor Stand has been constructed with molded metal and features a durable powder coated finish. This 3.28 ft (1 meter) tall stand is secured with a 11.81" x 11.81" (30cm x 30cm) base plate weighing in at 8.4lbs (3.8kg) and also features 4 screw holes for mounting for additional security if needed.

Case Options

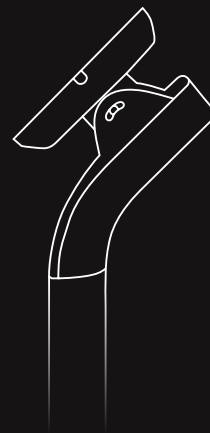

Elite

The Elite case currently supports the following tablet models with more in development.
